

WATCHMAN BOUND BY MILL ROBBERS

Police Seeking Three Bandits Who Steal Cloth From Carpenter Street Plant

SUSPECT AN "INSIDE JOB"

Police are today seeking three bandits who robbed the mill of John Williams, Twelfth and Carpenter streets, of several thousand dollars' worth of cloth early yesterday morning after binding and gagging the watchman.

A watchman stationed at the Link Belt Works, across the street from the Williams mill, saw the bandits drive away with their loaded truck, but supposed they were employees.

The watchman in the mill, Philip Reilly, 1240 South American street, was surprised by the three bandits and while one of the men threatened him with a revolver the other two bound him hand and foot and tied a sweater over his head. He was then thrown behind a boiler. All the men wore masks and Reilly was unable to give the police a good description of them.

The storehouse from which the cloth was taken contained about \$100,000 worth of worsteds, tricelines and fine serges. According to District Detective Gallagher, of the Seventh and Carpenter streets station, who is investigating the case, the hold-up men are believed to have looked the stock over before making their selection. They backed a truck up to the loading platform and threw on between thirty and fifty bolts of the cloth.

A member of the firm, John Williams, Jr., 6907 Boyer street, was unable to state the exact loss today, but said it would amount to more than \$2000 as each bolt contained approximately sixty-two yards of cloth valued at \$3 a yard, mill price.

FEWER BRITISH DIVORCES

900 Cases Face Courts, Against 3000 Last Year

London, Oct. 9.—Lady Rhonda, Gladys Cooper and other women more or less known in the United States appear in this year's divorce list which will be tackled by English Judges next Thursday.

The readjustment of domestic affairs after the war is reflected in the number of cases set for hearing this autumn. A year ago they numbered 3000; this year they number 1000.

FAMILY ROW OVER RUM

Wife, Husband and Others for and Against Moonshine

In an argument, police say, over whether Mrs. Catherine Fabally should continue making moonshine, the woman, her husband Michael and his brother Donald were beaten severely in their home on Sixteenth street below Cambridge yesterday. They were treated at the Women's Homeopathic Hos-

pital, and later arrested with Catherine McCarthy, Joseph Dolan and William Drinkhouse, boarders. The police arrived at the Sixteenth street address when the dispute was at its height. They reported finding fifteen-gallon stills and some mash and moonshine. It was said Mrs. Fabally's husband objected to her making the moonshine because of their two small children and of a recent dispute in the Fabally home in which he was beaten. Mrs. Fabally is charged with illicit sale and manufacture of liquor.

FIGHTS VETO OF COURTS

Security League Plans Campaign Against Proposed Amendment

New York, Oct. 9.—The National Security League will wage a nationwide campaign against the movement to amend the Constitution of the United States so as to permit Congress to pass upon decisions of the Supreme Court, the executive committee of the league announced yesterday. "It is the most dangerously destruc-

tive doctrine that has been voiced in America since the birth of bolshevism," said a statement from the executive committee and in which was outlined the plan to circulate candidates for Congress and wage an active fight against all who declare themselves in favor of submitting the proposed amendment to the State legislatures.

WHILE CONGRESSMEN ARE HOME it might be thought that Washington would be devoid of happenings. The "Washington Observer," however, finds plenty of important items to fill his daily dispatch to the Public Ledger. "Make it a Habit" to read the Observer.

Think of Your Child As a Toothless Old Woman

AS you gaze into your little daughter's eyes, CAN YOU IMAGINE HER AS A TOOTHLESS OLD LADY?

Does the much MORE serious thought occur to you, that she may be ALMOST TOOTHLESS IN MIDDLE AGE, due to the present national habit of eating starchy foods?

No part of the education which you are giving her is of greater importance to this growing child than knowledge of the proper hygiene of the mouth as developed by modern dental science.

The facial expression, in the whole lower part of the face, is controlled by many small muscles. If the natural teeth are lost, these muscles become DRAWN and SUNKEN, producing the LINES and WRINKLES that make many women in their "thirties" and "forties" look PREMATURELY OLD AND HAGGARD.

Without a Trace of Grit
Teeth polished WITH GRIT are necessarily shorter-lived than those SCIENTIFICALLY POLISHED WITHOUT GRIT.

Kolynos Dental Cream produces and preserves the satiny, pearly, NATURAL lustre of the tooth surface, WITHOUT ANY GRIT.

It DISSOLVES, instead of CRUDELY SCRATCH.

ING'OFF, the fatty tooth film which contains and covers bacteria. If the teeth are SCORED and SCRATCHED with grit, the grooves and thin spots are more readily attacked by these acid-producing germs of decay.

Germs and Fermenting Food
Kolynos renders POWERLESS and REMOVES hundreds of millions of these germs from the mouth, back of the teeth—on the gums, tongue and mouth membranes. It WASHES AWAY all this debris, together with the particles of fermenting food on which germ life thrives.

We have on file in our New Haven laboratories personal applications from over 47,000 American Dentists and 74,000 American Physicians for Kolynos Dental Cream, to distribute among their patients.

Not less important—Kolynos Dental Cream keeps the toothbrush, otherwise ALIVE with these bacteria, FREE FROM MILLIONS OF THESE DESTROYING GERMS.

Ask your dentist, when you take your little daughter to him or go yourself. Teach your daughter TO USE KOLYNOS with regularity—and you can picture her retaining her artistic facial plumpness long past middle life.
